

Ron's Equipment Rentals & Industrial Supply

Skid-Steer Loader Training

This is a 6-8 hour course designed to foster and develop a professional, willing and co-operative attitude towards safe equipment operation. The course meets all of the requirements discussed in CSA Standards. The course is split into equal parts that include hands-on practical training and classroom instruction. Upon successful completion of the course, students will be able to apply the techniques of safe operation in their jobs as professional operators. This course instructs equipment operators in the safety aspects, preventive maintenance, operating techniques, and proper procedures while using a Skid-Steer Loader

Who Should Attend Skid-Steer Loader Training?

- All persons who operate a Skid-Steer Loader must receive training as per OH&S Legislation.

Skid-Steer Loader Course Content:

- Under the direction of an experienced and qualified instructor the successful learner will complete a formal course of instruction that includes both the theory of operation and hands on training with a Skid-Steer Loader.

The learner will operate the Skid-Steer Loader for a sufficient period of time to demonstrate proficiency in the actual operation of the Skid-Steer Loader and will obtain a certificate after successfully passing a comprehensive examination on the subject matter listed below:

- Responsibilities, manufacturers operating manuals, manufacturers requirements, federal, provincial regulations, employer and jobsite policies and procedures
- Safety before operation
- Starting and testing
- Safety during operation
- Travel safety
- Maintenance
- Hazard identification
- Written review
- Pre-operational inspection
- Function test

- Work area and path of travel inspection
- Actual operation of unit.
- Types of Skid-Steer Loader Attachments

Upon successful completion of the program students will be issued a certificate that is valid for a period of 3 years.

Additional Program Requirements

The standard program is designed for a maximum of 10 participants.
